EXPERIENCE

2022- **JUNIOR SOFTWARE DEVELOPER**
Sisal Academy

I was selected together with 24 other students to enter Sisal/Modis Academy, and intense 6 week program to study the basics of Sisal's technologies: JAVA and MySQL as the main focus.

2021-2022 **JUNIOR FRONT END DEVELOPER**
Nucamp Coding Bootcamp

I developed an Expense Tracker with React and Bootstrap guided by tutorials as my graduation project. I used a mobile responsive approach, updating the state of the app through React.

2019 - 2020 **VIDEO EDITOR**
ALMA Observatory / Santiago de Chile

Video editing, creation of scripts and voice over for Instagram stories and posts. Educational content about astronomy and ALMA's research.

EDUCATIONS

2021 - 2022 **FULL STACK WEB + MOBILE DEVELOPMENT**
Nucamp Coding Bootcamp

A six month program on four technologies. Bootstrap, React, React Native and Node. Weekly workshops separated by groups where we nexecuted coding tasks and challenges.

2015 - 2020 **SOCIAL COMMUNICATIONS DEGREE**
Universidad UNIACC | Universidad de Sevilla (One Semester)

A four year studies program focused on media and communications. I won a scolarship to study abroad for one semester at Spain. One year of internal internship doing a documentary, NGO communciations and newspaper contribution.
